Advanced Facility Security Solutions

## Closed Circuit Television (CCTV) Systems *Monitor and Protect your Assets, Operation and Personnel*

Monitoring your human and physical assets is the key to ensure safety of operation, security of your work environment, and property and equipment protection.

Kariba Systems provides IP-based, analog, thermal, explosion proof and other types of CCTV cameras and systems from Pelco, Samsung, Bosch, Motorola and other industry leaders. Our turnkey solutions include control consoles equipped with specially designed monitors, digital recorders and management software.

From site investigation to design, and from installation to maintenance, you will receive professional service from Kariba.

Kariba engineers have custom designed and installed many CCTV systems for government buildings, banks, construction sites, secure areas and other important facilities in various countries.

**PELCO** **BOSCH** **Panasonic** **MOTOROLA**
